

DESSO

The Floor is Yours

CARPETECTURE®
Colour Dimensions

Colour both influences and inspires the way people interact with the world around them. Like creating and admiring art, colour is unique to the human experience. DESSO has created a collection that compliments colours and highlights the strength and individuality of modern architecture and design.

Neo

The linear accents of Neo breathe colour into an interior,
bringing to mind the corridors and vertical faces of architectural
creation without overwhelming the space.

Flux

The combination of matt and shiny yarn in the production of this carpet enhances its texture, presenting an immaculate appearance and co-ordinating with other fabrics of the interior design.

With a lively, expressive linear pattern, Flux has an inner depth which is intensified by the effect of shafts of light. Colours are cool and smart, trendy yet elegant.

Cradle to Cradle certified.

Antron®

Flux is made of high quality Antron® carpet fibre

Antron®

Supira

Supira combines a rich structure with streaks of bold light, and its subtle high and low weave breathes body into its structure while providing strength of character.

A dark background palette of stone colour and material tones - of anthracite, blue, brown and red - is highlighted with vibrant colour, giving an impression of threedimensional depth.

About DESSO

DESSO has been manufacturing and marketing carpet for more than 80 years and during that time it has earned a fine reputation as a reliable partner and creative designer. Today, DESSO has two factories in Europe and specialistic customer service centres throughout Europe, as well as in America, Asia, South Africa, the Middle East and Australia. CARPETECTURE® is a powerful example of the DESSO commitment to creative carpet design and its dedication to answer the needs of architects, interior designers, building owners and end users. DESSO products can be found in offices, public buildings, banks, schools, universities, retail shops and hospitals. Among its many highly valued customers are distinguished companies such as Fortis Bank, ABN AMRO, Deutsche Bank, Hilton Hotels, KLM and Virgin Atlantic.

Corporate Responsibility / CRADLE TO CRADLE

DESSO has been taking measures to safeguard the environment for many years, long before it became popular to do so. With an ISO 14001 environmental quality accreditation, regular on-site checks by independent institutes ensure the best possible environmental production methods. In addition, every DESSO carpet and carpet tile carries a unique GuT test number that proves it passes GuT tests for contamination and emission. We also have several initiatives for re-using carpet to ease the burden on landfill and our ongoing research programme for environmental awareness and recycling covers both product and packaging. DESSO continuously seeks to improve the environmental attributes of our products through product design development programmes whilst our manufacturing plants consider energy use and a continuous reduction in waste and pollution as well as process improvement.

Madison

The natural feeling of **movement** and **flow** in Madison

is the result of a luxurious **mixture of light and dark**,
and the pattern plays with vertical stripes without becoming geometric.

The creamy effect, combination of **matt** and **shiny** yarns,

synchronized into a natural warmth.

Cradle to Cradle certified.

Colour inspires the senses. Colour creates character.

The use of colour breathes life into the structure and body of a building. It animates the space in a way that nothing else can; by creating a sense of movement and continuity, naturally drawing the eye, and the mind, through the surface.

Tempra

Tempra characterises contemporary yet timeless practicality,
taking reference from the vibrant and fast-moving society of today.

With its dense low-level loop pile and a universally appealing selection
of strong colours to choose from,

this exceptionally hardwearing carpeting
creates just the right lively style to inspire any busy creative team.

The extensive 60 colour range includes 16 in broadloom.

Cradle to Cradle certified.

Torso

The Torso range excels itself in complementing
the fusion of simplicity and functionality.
Intense blues and greys wrestle with earthy harvest tones.

These are today's and tomorrow's colour trends,
combining elegance
as well as quality and reliability.

Torso's magnificent 60 strong
colour range includes 20 in broadloom.

Cradle to Cradle certified.

The Antron logo consists of the word "Antron" in a serif font, enclosed within a rounded rectangular border.

Torso is made of high quality Antron® carpet fibre

Pallas

Pallas – an essential tile within a high-quality, contemporary collection.

The abundant Pallas colour range suggests reliability,
as of an ancient rock outcrop or country castle,
calming the movement of bright,
light-filled buildings and bringing together the contrasts of the interior space.

Cradle to Cradle certified.
